HYDERABAD

SEPIA IS NOT SEXCITING

First sleep is worse like Lachesis
Corsets uneasiness like Lachesis
Purple skin in eruptions like Lachesis.
All gone hungry and empty feeling
Tummy not relieved by eating
Sometimes and always relieved by eating.

The smell of food loathes the Sepia
Like Colchicum and Arsenicum
Vomiting of pregnancy and milky fluids
Waking after is characteristic of Sepia.
Violent and deathly nausea
Culminating in gagging
Anxiety in tummy with retching
Speaks of Sepia.

Headache is relieved by sleep
Like Phos. but continued motion
Aggravates the Phos. and ameliorates the Sepia.
Thunderstorm makes bad both
Lumpy sensation at whichever end
Sepia is sure to put an end.

Catarrh and crusts suppressed
Phthisis pituosa results in chest
Stomach in Sepia is 'the leather bag'
Food comes up just as it is or sour like.
Cupfuls of mucus with stools
Whether diarrheic or constipated.

Sepia goes for days without stool
Sits strains and sweats for it
Oh! Unusually horrible smell
Stool is putrid and foetid
Whole of it at once expelled.

Ineffectual stool with urging like Nux
She may go for days with no urging
When effort comes it is like labor in Sepia.

Sepia is compelled to keep the mind on bladder
Coughing, sneezing and laughing shock or slam
Of a door or a diverted mind
The urine slips from the bladder
Child wets the bed in the first sleep.

Organs dragging ulcerating with displacements
Menses in pregnancy fifth and ninth month
Sepia reminds Murex in empty feeling
Bearing down pains but sexual frenzy
Profuse catamenia only in Murex
Spitefulness and libido loss in Sepia.

Aversion to the opposite sex
Both male and female like Puls
Sexual relations cause nausea
Frigid like stone and uncivil
Violent dysmenorrhoea and leucorrhoea
Scanty or profuse periods
Craves bitter things with stupid mind.

Great remedy for malaria confused
Malaria for order and cure think of it
Excitability is common to both
As Sepia is complementary to N. M.

Tall slim with narrow built pelvis
Straight all the way down shoulders
Ability to feel love is lost
Love and affection are not known to Sepia.
Loves continued motion but loathes kitchen

Over-vigorous child and husband
Are root cause for Sepia mind
Irritability in company yet dread of being alone
Vents her spite on those she loves best
Cannot tolerate criticism and contradiction
Excessive indulgence and excitement in sex
Makes Sepia mind frigid and stoic.
