

Recurrent UTI with Laughing

Mrs D suffering from recurrent UTI for last three years came to me on 18.01.05.

CHIEF COMPLAINT

Burning in urethra < after Micturition. Vagina is red, itching +.

Peculiar symptom – she feels like laughing at night when alone. There is no reason at all for such of her laughing. After laughing she feels as if she would go mad.

Thirsty, half a glass at a time and drinks frequently.

OTHER COMPLAINTS

Hemorrhoids bleeding, painful. Insomnia with Tormenting thoughts. Is on prothidin tab for last 3 yrs. Headache. Colds and coryza with sneezing. Has taken a lot of allopathic medicine for long standing coryza but to no avail. Unhappy marital life. Husband is very dominating.

Obs/H: Two FTND. 2 daughters.

F/H: She is the eldest among 2 sisters and one brother. No H/O of any systemic disease in family.

TREATMENT

18. 01. 05: I put her on *Ars-alb* 30. Five drops of *Ars* 30 were mixed in one ounce of water and advised to

take 10 drops QID in half cup of water. Five jerks to be given each time before use. This medicine was continued for 5 days only.

24. 01. 05: Mid sacral bone pain. Swelling of both inguinal glands with pain. >> In burning of urethra. Itching in vulva++. Advised to use *Calendula* ointment only. No med given.

01.02.05: Burning of urethra on and off. General condition better. Burning in chest to throat. Not > by drinking water. Hemorrhoids still swollen with pain and itching. *Phos* 200 / 3x15 minutes sufficient SL for 10 days.

11.02.05. Menses profuse with clotting. Throat burning > frequent, every 10-15 minutes intervals. *Phos* 200 pills mixed in one ounce of water. 10 drops TDS.

25.02.05: Menses intermittent. Loose motion. Appetite poor. Frequency of micturations better. Now chest burning appears at times. Weakness+. Added one ounce water to previous bottle of *Phos* 200 and advised to take 10 drops OD at bedtime. *Sul* 200 / I in the morning of 26th Feb 05.

After this patient lost contact with me till 07.04.05 when she brought her daughter for treatment and informed that she was keeping very fine and there was no trouble of urination.

One day I had to be the bearer of bad news when I told a wife that her husband had died of a massive myocardial infarct.

Not more than five minutes later,

I heard her reporting to the rest of the family that he had died of a “massive internal fart.”
