A young 24 yr old woman, come for consultation for Diabetes Type 1, was admitted with sudden onset of polyurea, polydypsia, weight loss, weakness from 15 days. Blood Sugar was 650 Post Prandial. A month ago she had suffered from typhoid and malaria with thrombocytopenia. No history of Diabetes in the family. During her admission she was on 40 units of Human Actrapid BID and on discharge she was on 30 units before breakfast, 20 units before lunch and 40 units before dinner and tab Glimipride, Metformin and Pioglitazone etc. Blood Sugar Levels were not touching normal inspite of this.

On fresh investigations, FBS: 450 and PPBS: 555, HBA1c: 13.2, S Creat: 0.45.

Detailed case was taken and after repertorizing, only Actrapid was continued and along with this we gave *Phos-acid* 200 OD for 5 days and *Syzygium-jam* Q 10 drops TDS in half cup of water after each meal, As soon as Q was started, immediate decrease in blood sugar levels was noted. After 5 days her Random Blood Sugar was 329.

NEXT MORNING: Fasting was 163 and PP was 231.

AFTER 8 DAYS: Fasting was 147, PP was 204.

AFTER 6 DAYS: Fasting was 127, PP was 140.

Previously her weight was 32 kgs. Now after 25 day her weight was 40 kgs.

Still under observation.

Here I just want to emphasize that mother tinctures play an important role for immediate reduction of sugar levels.

ANOTHER CASE of a 75 yrs old villager came to me with his pelvic sonography which was suggestive of, Prostate Hypertrophy with associated complaints of pain and difficulty in urination. *Sabal-serulata* Q, 5 drops in half cup of water a day along with *Baryta-carb* 200 single dose after reviewing his history. After 10 days, symptoms better 75%. 1 month later sonography showed prostate was normal, with no complaints.

Mother tinctures have definitely become specific for particular diseases, they give immediate results for pain but along with that classical selection of constitutional medicine is more important.

Also *Berberis-vulgaris*, *Sarsaparilla* for Renal Stone Colic.

Berberis-aquafolium for clearing the complexion, acne, pimples roughness of the face etc.

Syzygium-jam, *Cephalandra*, *Rhus-aromatica*, *Gymnema-sylvestre* for diabetes.

Lycopus-virginicus, *Passiflora* for Hypertension.

Damiana as a sexual tonic.

Phytolacca for toothaches and weight reduction.

Most important thing is that a single Q gives you the best results and not in combination.

Thus we can say that Q really is a Mother in Homoeopathic treatment.

☺☺ Set up hidden cameras ☺☺

Michael J. Schmidt, 29, set up a hidden video camera at his home near Superior, Wis., because he had been burglarized several times and thought he could catch the culprits in the act. The burglars came back and were captured on tape, which Schmidt turned over to the sheriff. Among the items the burglars took from Schmidt's house was a box containing eight marijuana plants. Schmidt was charged with misdemeanor drug possession.
