Mr RN aged 46 yrs consulted me with a non healing varicose ulcer in his right leg on 5.2.08.. He had undergone surgery for this in 1995 and was fine for 10 years. But it has appeared again and is now not responding to any treatment. The patient is a mild diabetic. Desires tasty food and sweets. I took the following rubrics and repertorized from BBCR  
Lower extremity leg

Desire for sweets  
Urine saccharine  
There were 3 remedies for consideration Lyco, Sulphur and Ars. Lyco did not cover desire for piquant, appetizing and Ars did not cover desire for sweets, so they were not considered. Sulphur covered all the rubrics and therefore was given in LM 1 potency 4 times daily on 5.2.08

There was a follow up on 12/2 ,19/2,18/3/,10/4,1/5, 15/5, 3/6,10/6,17/6, 1/7 and 22/7

On the first follow up itself on 12/2 the ulcer healed up and became dry. Sulphur LM 1 was continued on subsequent follow ups and finally stopped on

	Lyc.	Sulph.	Ars.	Puls.	Calc.	Am-c.	Arg.	Ham.	Yali-c.	Chin.	Ithuj.	Zinc.	Sec.	Rm.	Nat-m.	Nat-c.	Sil.	Ph-ac	Kreos.	Led.	Chel.	Ferr.	Sep.	Phos.	Staph.	Merc.
Total Rubrics	14	14	10	7	5	5	5	6	6	6	4	4	4	3	4	3	4	2	2	2	4	4	4	4	4	4
Families	5	6	5	4	3	3	3	2	2	2	2	2	2	2	2	2	2	2	2	2	2	2	2	2	2	
Lower extremities, LEG																										
Circulation: Blood vessels, varicose, and inflamed																										
Blood vessels, varicose, veins, especially																										
Desire for, condiments, piquant, appetizing, things																										
Stomach: Desire for, sweets																										
Urine, Saccharine																										

Blood vessels, varicose and inflamed  
Blood vessels varicose, veins especially  
Desire for piquant, appetizing things

22/7  
The case is cured.
