

## Synopsis of Other Journals

### HOMOEOPATHIC MEDICAL PANORAMA: APRIL-JUNE 2003 Vol. II:

This journal of Kerala Homoeopathic Graduate assistance gives many worthwhile articles and news items. It includes pharmacology of *Hydrastis* by Dr Gopi, Prophylaxis in Homoeopathy by Dr Arun Prasad and others. Peter Morel in "Heavenly dialogue" between Hahnemann and Paracellus, takes you down the history of medicine and theology, esoteric medical systems and concludes that all future roads lead back to the ancient systems and greater holism. Dr Akbar in his clinical experiences gives six gynaec case - 2 of sterility where miasm played important role and *Medorrhinum* and *Tuberculinum* along with constitutional helped patient to conceive. 2 cases of repeated abortions were helped with *Carcinocin* because of Family History of cancer. In two cases of fibroid uterus, *Tuberculinum* 1M helped cure in one case but another failed. Author's

suggestion is : for Lt sided cyst, *Lachesis* 0/3 should be given, whereas for right sided cyst, give *Lyco* 0/3. If urinary symptoms are there, *Apis* 30 and *Thuja* 1M in 15 days and *Calc-flour* 6x daily should be given.

**Dr ABDUL GAFFAR** writes on SARS. The latest test is nasal swabs or throat cultures to detect corona virus. Homoeopathic medicines include - *Aco*, *Ailanthus*, *Ars*, *Bell*, *Bry*, *Crotalus*, *Hepar*, *Mur-acid* etc and *Phosph* 200 c as the prophylaxis.

**Dr VINOD** in his article discusses Gullian Barre Syndrome in a 4 year old child where timely referral and a dose of *Merc-sol* helped the patient recover completely. The KHMGA, took up a project to prevent Dengue fever and 50,000 people were given *Eupatoreum-perf* 200 BD as a prophylactic.

### THE HOMOEOPATHIC HERITAGE: Oct 2003 Vol:28

The theme of this issue is Heart and Homoeopathy.

**Dr A P CHANDRAN** gives a case of a 73 yr old heart patient who had 2 attacks 5 years apart and was diagnosed as leaking valves with blocked arteries with 39.05% blood flow deficiency. Prescription of *Nux-vom* 1M was based on mental rubrics of Anxiety-fu-

**Dr RASHMI NAGAR LCEH**

ture about, Del insulted, Egotism, Excitement, Anger, A/F disappointment, Fear death of, Food desire seasoned and warm agg. Infrequent doses at 3 months intervals, brought the old symptom of pain to the surface but the blockage was completely cleared with improved arterial compliance. Author opines that Homoeopathy acts even for pain, heat treatment brings faster results but difficulty lies in convincing the patient.

**Dr CARL WILLIAMS** in a reprint article of Journal of American Institute of Homoeopathy gives 4 different groups of medicines for the failing heart.

The first group includes *Prunus*, *Eel-serum*, *Apocynum* etc where the case is of cardio-renal type. The 2<sup>nd</sup> group includes *Apis*, *Kali-carb*, *Ant-tart* and *Ant-ars*. They are indicated in special cases. The 3<sup>rd</sup> group *Naja*, *Ammon-carb*, *Veratrum* and *Ethyl-sul* are to be indicated in serious cases like collapse and the 4<sup>th</sup> group has *Cactus*, *Cratagus*, *Spigelia*, *Kalmia* and *Lilium* to be given for subjective symptoms.

**Dr DERARD BAKER** shares his experiences with Osteoarthritic Nosode 30c. Though he had not heard of or believed that *OAN* provings were available, he used the samples sent by Dr Foubister and found it useful in number of cases. *OAN* is prepared from the synovial fluid of an osteoarthritic knee. Dr Foubister explains that in case of *OAN* of the hip, high osteotomy of the femur may be followed by regeneration of articular cartilage and in some instances even by development of radiologically normal head of femur and restored joint function. Thus *OAN* could have constitutional basis and *OAN* may be beneficial where constitutional treatment has come to a stand still.

### **HOMOEOPATHY TODAY: OCT 2003, VOL 23.**

After the last two issues for women, this issue comes for men—with a father's guide to kid care, Homoeopathy for prostate and research on male infertility.

**CINDY PAPSE** gives tips to protect prostate. She suggests: Reduce fat in diet, daily use of flax oil, multi vitamins and carotene supplements, include tomatoes in diet-cooked tomatoes contain Lycopene. Vit C & E

are also useful. Also consume Soy proteins, green tea and 200 microgram of *Selenium*. The remedies for acute/chronic prostates are *Agnus*, *Apis*, *Baryta*, *Chimaphila*, *Conium*, *Copiva*, *Digitalis*, *Lyc*, *Medorrhinum*, *Nit-acid*, *Pareira-brava*, *Pulsatilla*, *Sabal-serr*, *Sepia*, *Staphysagria*, *Sulphur* and *Thuja*. Dr Julian suggests Homoeopathy should be the first choice of treatment. It is important to have a good diagnosis but prostate cancer is often referred to as the Ca you die with rather than the Ca you die of, because it is very slow growing and one can live with it for a good number of years.

A research on male infertility conducted by Heidelberg University in Germany showed encouraging results with constitutional Homoeopathic remedies. This has been extensively given in **Dr DANA ULMAN**'s article excerpted from the website [www.homeopathic.com](http://www.homeopathic.com)

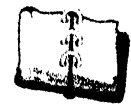

**THOMAS KUNZEL** narrates a case of 24 years old man who had persistent urethral discharge, worse in the morning. No h/o STD. He had high libido, frequent erections and used marijuana daily. Based on the rubrics: sexual desire excessive. Bladder discharge, gleet, painless, Bladder, Urethritis, discharge white, purulent – *Cann-sativa* 30 twice daily with *Uva-Ursi* and *Kava-kava* was prescribed and the response was seen within 24 hours. Previous antibiotics had not helped him at all.

In another case report, Andrew Soul writes about a two-years toddler who was scheduled for surgery for fistula-in-ano. *Silicea* 6x for one week cleared the fistula and the paediatrician cancelled the appointment for surgery.

### **ADVENT OF HOMOEOPATHY Jan-March 2003 Vol 20**

Theme of issue: TUBERCULOSIS:

**Dr AGARWAL** in his editorial writes that TB, also called white plague is much more than a disease. It is a multi-layered mystery that constantly confounds us. Com-

bined with HIV-AIDS and multi drug resistance, it is a global time bomb and new ideas are needed to tackle this disease.

**Dr RAJEEV SAXENA** has suggested auto-bio energy nosodes which can be prepared from thirty different secretions of the patient. They act as supportive cell mediated immunity and could be given in cases of phlyctenular conjunctivitis, necrotic bones, advanced pulmonary TB and intestinal TB.

Nine cases of TB are reported. The approach is constitutional medicine or based on generalities and in some *Tuberculinum* is used with success.

**Dr RAVINDER KOCHAR** treated a case of spinal TB with *Tuberculinum* 4 doses in 6 mths. The patient was Rxed with AKT 10 years back. His backache was persistent with ESR 138 mm. With the first dose of *Tuberculinum* it came to 40mm and in 6 mths it was normal with overall improvement.

**HOMOEOPATHIC MEDICAL TIMES** Mar 2003, Vol 8  
Out of variety of articles, some case reports are interesting and worth noting.

**Dr M A SHAH** tells us about a case of a 30-yr patient who had persistent pain in her Lt wrist due to a wound with a glass piece 6-7 years earlier. In spite of the medical treatment, the glass piece remained inside and surgery was risky. *Silicea* 10M TDS X 20 days given. The old wound was replaced by another oozing wound. *Silicea* was continued for 15 days and the patient came with the glass piece that had remained there for 6 years!.

**Dr SHETYE** treated a 45 yrs woman for c/o hyperthyroidism who was fastidious about cleanliness and quar-

relsome by nature. She also had fixed ideas. Rubrics based on her mental symptoms like fastidious, coitus amelioration from, sexual thoughts, moral feelings want of, violence, abusive, rage, dictatorial, dominating, excitable indicated *Conium*. *Conium* 200 and IM after few months should remarkable improvement.

**Dr S G JEELANI** has reported 3 cases of cholelithiasis. Common medicines were *Chelidonium Q*, *Chionanthus Q*, *Cardus-mar Q*, *China 30* and *Calc-carb 30* infrequent doses over a period of one year showed complete dissolution of the gallstones-confirmed by USG.

**THE HOMOEOPATHIC HERITAGE VOL 28, JULY 2003**

In 'Homoeopath and tumour cases' **Dr ROYAL HAYES** writes about several cases of lump in breast and uterine fibroids. *Kali-mur 12* or *200 TID* for few weeks was found to be useful in number of cases. Also *Sepia*, *Carcinosin*, *Phosphorus* were required on constitutional basis.
